Continuation of Substance of Interview including description of the general nature of what was discussed: The examiner contacted the applicant's representative to seek permission for an Examiner's Amendment. Specifically, the examiner sought to remove the newly amended matter in the claims submitted on 05/19/2010. This matter, which appeared in claims 1 and 11, would be replaced with the language from claim 2. The examiner explained this proposed change was in light of a search and would better define the applicant's invention, as well as place the case in condition for allowance. The applicant's representative agreed to this change. The examiner would like to thank the applicant's representative for his time and consideration during the prosecution of this case..
